

OCALA OCCURENCES

Masons meet Thursday evening.

Woodmen meet Friday night.

Fresh Nunnally's candies by express twice a week at Gerig's. tf

Mr. C. M. Carn, the Reddick trucker, is in the city today on business.

Try one of those frosted pints of Palst Blue Ribbon at Johnny's. tf

Mr. Sam W. Petteway of Dunnellon is among the prominent visitors in the city today.

See the line of Rexall school supplies at Gerig's. tf

Mr. J. B. Barton of Live Oak is in the city for a few days on business.

Garden and flower seed of every kind. Bitting & Co., 410 North Magnolia street. 17-6t

Mr. M. L. Payne, of Fairfield, came in today and renewed for his favorite paper, the Ocala Star.

Most complete line of tablets, pens, pencils, etc., for school children, at Gerig's. tf

Mr. I. F. Rooney, cashier of the New York Life Insurance Company's Jacksonville office, is in the city on business for his company for a couple of days.

W. K. Lane, M. D., Physician and Surgeon, specialist Eye, Ear, Nose and Throat. Law Library Building, Ocala, Florida.

Mr. J. W. Sanders, of Brooksville, who has been visiting his brother, Mr. F. D. Sanders in this city, returned home today.

Big supply of silver skin Bermuda onion sets just received. Bitting & Co., 410 N. Magnolia street. 18-6t

Mr. Andrew J. Markham of Romeo, has been in the city for several days on business, and while here joined the ever increasing list of Weekly Star subscribers.

Our sheet music stock is up-to-date. Daily demonstrations. 8 2-tf Lattner's Piano Store.

Pabst Blue Ribbon Beer, the best, purest and most healthful of ALL drinks, at Johnny's Place. tf

VEGETABLES, MILK AND EGGS from our own farm daily. Open night and day. Merchants Cafe. tf

The Chero-Cola advertising stunt being pulled off today in the show window of the Masters grocery store is a good one. It is made up of a bottle of this splendid beverage from which pours a brown colored fluid into a glass beneath. The mysterious communication asking that relief be glass never becomes full nor the bottle empty. The display attracts crowds of eager "guessers" as to just what keeps the thing going.

WORTH THEIR WEIGHT IN GOLD

"I have used Chamberlain's Tablets and found them to be just as represented, a quick relief for headaches, dizziness and other symptoms denoting a torpid liver and a disordered condition of the digestive organs. They are worth their weight in gold," writes Miss Clara A. Driggs, Elba, N. Y. Obtainable everywhere.—Adv.

REAPING BENEFIT

From the Experience of Ocala People
We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Ocala residents on the following subject will interest and benefit many of our readers. Read the statement. No better proof can be had.

Mrs. S. E. Fraser, 104 Fifth St., Ocala, says: "I have used Doan's Kidney Pills and they have always given the best of satisfaction. When my kidneys got out of order, I was so dizzy that I couldn't straighten. At times I couldn't get about, owing to rheumatic pain across the small of my back had other kidney troubles as well. I used Doan's Kidney Pills and they brought me immediate relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—Doan's Kidney Pills—the same that Mrs. Fraser had. Foster-Milburn Co., Props, Buffalo, N. Y.—Adv. 10

L. ALEXANDER

PRACTICAL CARPENTER AND BUILDER
Careful Estimates made on all Contract work. Gives More and Better Work for the Money than Any Other Contractor in the city.

WEATHER FORECAST

Unsettled tonight; Thursday probably rain, slightly cooler tonight north portion.

MR. HAILE HAS RESIGNED

Mr. Sidney Haile, agent at the Seaboard depot, where he has been for a good many years, has tendered his resignation and will be checked out and his successor appointed as soon as the arrangements can be made. Mr. Haile is one of the most capable and popular railroad men in the city and every man here is his friend. It will be a source of much regret to them all that his health is such as to decide him to give up office work. Mr. Haile will go to his farm west of Gainesville a few miles, where he and his brothers have a very valuable property and he feels sure that the open air work he will engage in will soon restore his health. His family will remain in the city for the winter at least in their pretty home on Oklawaha avenue. While it has often had occasion to "kiss" his road, this paper will feel in the resignation of Sid Haile that it has lost a warm personal friend.

ALWAYS A WELCOME VICTOR

After a several weeks visit to Mr. Arnold and her Ocala friends, Mrs. T. I. Arnold left this morning for Jacksonville. Mrs. Arnold is always a most welcome visitor in this city, and her friends here hope that the time may soon come when she can make Ocala her permanent home.

AN EX-OCALA MAN

The Star is informed that Mr. D. E. Wenger, killed presumably by burglars Monday morning, is the Wenger who formerly resided in this city, and married the adopted daughter of Mrs. Estell, who owned a large phosphate property at Blue Spring. His daughter, Miss Laura, visited friends here about four years ago. She is now married and lives somewhere in Levy county.

BILIOUSNESS & CONSTITUATION

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere.—Adv.

UNCLASSIFIED ADS.

LOCAL LEGISLATION

(Continued from First Page)

ed for information. The report made a good showing for the health and sanitary condition of the city.

Mr. Caldwell reported that he could get a regulator for the art light circuit from Gainesville very cheap, as it is not in use there. This apparatus is needed and will have to be installed before any additional lights can be put on. On motion Mr. Caldwell was instructed to go to Gainesville, inspect the regular and report to the council on its cost and condition.

The light and water committee was instructed to repair the roof of the small cottage on the water works lot, the same being in a leaky condition.

The railroad ordinance was then taken up under the head of "ordinances" on the calendar and the council was of the opinion that it would have to be changed very materially, and after considerable discussion, a motion was made and carried that the ordinance be referred to the city attorney and the judiciary committee to be reported on and taken up at the first meeting in November, being Tuesday night, the 2nd, and Mr. Burford and Mr. Brand were informed that they could be present on that date to present their side of the matter.

All bills property approved were ordered paid.

Mr. H. C. Sistrunk, the city clerk, stated that the registration books would have to be revised, under the law, at an early date, and asked to have the names of all voters transferred to the new registration books that had been on hand for some time, the old ones being in bad condition.

Later in the evening, next Tuesday, the 12th, was set as the date for revising the registration books.

Chairman Meffert stated that the city was compelled to decide on and purchase a lot for the location of the sewage disposal and so on at once, as the work on this part of the plant had to begin at once. Mr. Meffert and the committee appointed to handle the matter was instructed to close with Mr. Burford on the lot that had been selected for the location of the settling basin, at a sum not to exceed \$700.

The clerk's financial report was read and will be published later.

The bill of the assistant recorder was ordered paid.

The report of the light and water committee was read and accepted.

Light and Water Committee's Report

Ocala, Fla., Oct. 5, 1915.

Hon. City Council, Ocala, Fla.

Gentlemen: In meeting of September 1st, your light and water committee was instructed to look into the petition of E. A. Polly et al for placing electric light at intersection of Watula and South Fifth streets, also petition presented from T. D. Lancaster, T. H. Johnson et al, for electric light to be placed on Herbert street between Fort King avenue and Oklawaha.

Your committee has investigated the matter and finds that lights should be placed at points requested by petitioners, and the superintendent of the electric light plant will be instructed to place lights at the above mentioned points as early as possible.

We further beg to report in the matter of D. S. Welch applying for current for a factory. Your committee requested him to pay up account due since he has been operating the factory, and further complying with the rules, current would be put in immediately. We have every reason to believe that Mr. Welch complied with our request and current is being supplied. Respectfully,

J. M. Meffert,

D. W. Tompkins,

Committee.

Citizens on East Oklawaha avenue complained that the cow man was not keeping the cows off their properties. The matter was referred to the police committee to jack him up. The council then adjourned until next Tuesday night.

ORANGE PACKER'S TICKETS

This office will make close prices on sets of tickets for orange packers for the coming season. Write us for samples and prices.

d&w tf The Ocala Star.

NOTICE

The Woman's Auxiliary of Grace church will open the united offering boxes at the October meeting instead of the November meeting, by order of the committee.

GUNPOWDER IN WAR.

For Centuries Its Use Was Opposed in the Name of Humanity.

There was a period when any kind of "explosive" acting in war was considered barbarous. The discovery of gunpowder put a stop to the old fashioned method of attack, in which only missiles and sharp edged weapons were considered ethical, but gunpowder did not come into approval without a struggle. In fact, it was under the "humanity" ban for almost three centuries.

This remarkable compound of salt-peter, sulphur and charcoal, which was given its first tryout at the siege of Constantinople in 1453, had been known to both the chemist and the soldier for a hundred years or more. It is said to have been discovered by Roger Bacon in England about the year 1250 and by a German monk named Schwarz twenty years later. Another independent discoverer of the same dangerous mixture was an unknown and uncelebrated Moor, whose secret was ultimately carried into Europe in the fourteenth century. Even he was not the first to make an explosive compound. The Chinese "beat him to it," having used this same kind of mixture for rocket signals before the Christian era.

The fall of Constantinople was brought about by the use, the wholly unethical and altogether barbarous use, of cannon balls, and it was not until about a century later that the world gave its full sanction to the killing of men by means of gunpowder.—St. Louis Globe-Democrat.

WHISPERING GALLERIES.

Old World Churches With Remarkable Acoustic Properties.

The most celebrated whispering gallery is that which surrounds the base of the interior of the dome of St. Paul's cathedral, London. A person speaking near its surface can be heard distinctly by one listening near the smooth wall at the other extremity of the diameter, but not elsewhere.

In the cathedral of Gloucester a whispering passage leads from one aisle to the opposite behind the east window of the choir. It is seventy-five feet long, six and a half feet high and three feet wide in the form of half an irregular octagon. The walls and ceilings are of freestone, and the slightest whisper travels from end to end.

The cathedral of the Taj Mahal in Agra, India, has most marvelous echoes and reverberating qualities, but is scarcely a whispering gallery. The whole cathedral of Girgenti, in Sicily, has this character owing to the peculiar structure of its walls. These remarkable properties also belonged to the "Ear of Dionysius," cut in the rock at Syracuse in the shape of a parabola, ending in an elliptical arch. It is said that the tyrant seated in a small chamber under a hundred feet from the spot occupied by his captives by this means could hear every word spoken by his prisoners.—London Answers.

If Animals Could Speak.

It is a startling fact that if some animals could tell their life history they would be able to recall events which happened hundreds of years ago.

A Russian eagle, for instance, would be able to remember watching with greedy eyes as one by one the French soldiers under Napoleon fell exhausted out of the ranks in their awful retreat from Moscow in 1812. There are crocodiles alive in India today which saw the first English traveler set foot there, while there are whales in the sea which may have skirted the coast of France when it was invaded in 1415. A great many elephants could recall historical events of a hundred years ago, while there are ravens still living whose memory could go back twice that period.—London Answers.

Plenty of Room.

The young man who writes verses was standing out in the night gazing at the sky when a friend ran across him.

"What are you doing—studying astronomy?"

"Go away and don't disturb me. I am gazing into infinite distance."

"I don't see what satisfaction you find in that."

"That's because you never had any experience with editors. You don't know what a comfort it is to find some place where nothing is crowded out for lack of space."—London Tit-Bits.

The Amethyst.

A good example of one of the ways in which magical properties became attributed to natural objects is the stone known as amethyst. The ancient Indian name of this stone had the sound represented by its present name. In Greek this sound happens to mean "anti-wine"; hence, without more ado, the ancients declared that the amethyst was a preventive of and a cure for drunkenness!—London Mail.

Idle Dream.

"Poor dad! Sister told him that the girls of her class are going to graduate in dollar gowns."

"Well, what about poor dad?"

"He thinks a dollar is all he will be called upon to give up."—Kansas City Journal.

Two Sides.

Willis—Why don't you go to church? Gillis—Too far. Why don't you go? Willis—We live next door to one, and I hate to get all dressed up just to go that little way.—Boston Journal.

There Are Exceptions.

"We are all born equal," quoted the wise man.

"Don't try to tell that to the mother of a first baby," cautioned the simple man.—Philadelphia Record.

TO THE PUBLIC

"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Whitehall, Covadana, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefited me almost immediately." Obtainable everywhere.—Adv.

ADVERTISE IN THE STAR

Expecting Another Drop.

Some time ago Mrs. Green called on her friend, Mrs. White, and, after clutching, kissing and saying how dreadfully delighted they were to see each other, they turned to the interesting topics of the day.

"By the way," said Mrs. Green after a time, "I haven't heard anything about Eva's divorce lately. I wonder what has become of it?"

"I heard a few days ago that she had dropped all proceedings," answered Mrs. White.

"Dropped all proceedings!" was the wondering rejoinder of Mrs. Green. "You don't really mean it?"

"Yes," returned Mrs. White. "Her husband has taken to aeroplaning, and she has decided to let the thing adjust itself."—Philadelphia Telegraph.

Queen or Dairy Maid Ambition the Same

In the expectant mother's mind there is no limit to what the future has in store, and yet during the period of expectancy, much depends upon the physical comfort of the mother. One of the best aids is a remedy known as "Mother's Friend." Applied over the navel, it penetrates to the network of nerves, relieves the pains incident to stretching of cords and ligaments, makes them pliant, induces comfortable, restful nights, a calm mind and pleasant anticipation. You use it with your own hand, apply it as needed, and at once feel a sense of relief. Mothers who have learned all this from experience tell of the blessed relief from morning sickness, the absence of strain and the undisturbed healthful influence imparted to the coming baby. Get a bottle of this splendid help today. Phone your nearest druggist or send for it. Then write Bradford Regulator Co., 461 Lamar Bldg., Atlanta, Ga., for a valuable book of instruction for expectant mothers. "Mother's Friend" is recommended everywhere by women who have used it. And you can read some very interesting letters if you write for this book.
